Infrastructure and Learning Resources

4.1.1 The Institution has adequate infrastructure and physical facilities for teaching –learning. Viz., classrooms, laboratories, computing equipment etc.

The adequacy of infrastructure and physical facilities for teaching learning as per the minimum specified requirement by statutory bodies.

LN College, Borivali, has 15 spacious Class rooms. Out of these 15 classrooms, 7 classrooms are rooms with PC and projector facilities. It means 50% class rooms are ICT enable. HEI has 02 laboratories. IT shows the better physical amenities. Each laboratory has proper interior designing, air conditioned facilities and required equipment, etc. College has 14 facilities rooms which includes a medical/first aid room, 1 canteen, 1 Conference hall, gymnasium, open auditorium, media room and so many.

The Library of HEI is the central focus point in view of aesthetics and in view of knowledge. The library caters the services like Book issuing, Book reading, Newspapers to keep updates of present context. The library is completely computerized. The library is annexed with an e-library with internet enabled 3 pcs. It helps students to keep themselves updated with global knowledge through Internet based e-library.

The HEI has 02 laboratories with 250 PCs. Each laboratory is a place of learning through experiment. Laboratories are well equipped, provided with every requisition and updated with time in advance.

There are about 274 pcs with higher configuration. It shows the HEI is keen on ICT facilities. The college administration is mostly online. The facilities like LAN, WI-FI are provided for staff as well as students. ICT facilities like speakers, screens, printers etc. are available for stakeholders.

LN College always believes that investment in infrastructure in education is a long term requirement for growth and a long term factor that will make growth sustainable.
