6.5.1 Internal Quality Assurance Cell (IQAC) has contributed significantly for institutionalizing the quality assurance strategies and processes

College has a rich culture of institutional functioning through participation among all stakeholders especially faculty, students, employer and alumni. The IQAC plays an important role in ensuring quality of the functioning of administrative and academic units of the college. The Internal Quality Assurance Cell constantly reviews, monitors and modifies the strategies, processes and measures in practice to sustain and improve the quality of teaching-learning and upgrade the know-how and domain knowledge of its faculty members. It is mandatory for all faculty members to submit Annual Performance Appraisal Report (APAR) which tends to self-evaluate them on the basis of a number of performance indicators viz. research publications, paper presentations in National and International Conferences, innovative practices in teaching, awards, extracurricular activities, commitment to social causes through extension activities and other academic achievements. These have been diligently implemented by the authorities and serve as effective mechanisms of self-evaluation.
